# The Dominican Republic, Ecuador, and Beyond

## Doug & Paula Hodges

January &  
February, 2022

Dear Friends and Partners,

Paula and I are grateful for a new year of opportunities of ministry. This past November was a milestone—not celebrated but recognized. November marked fifty years of gospel ministry. God has allowed us ministry with youth, music, Christian schools, pastoring and mission work for 30 of those years. Along the way, we have been able to help churches during transitional times such as our ministry in Ecuador. God has been faithful!!!! Our children, Marc (pastor) and Allison (missionary) are both serving in full-time ministry. To God be all the glory!!!

In the past few months, Paula has been busy in the reorganization and continued development of the Lifehouse Girls Home in the Dominican Republic. She has worked tirelessly to establish a board of directors made up of Dominicans and Americans so that the ministry may be solidly and legally established for years to come.

The Lord has given us opportunities to ministry in some of our supporting churches including a trip to Florida for a missions conference in a state prison. What a blessing!!! We just received notice that the inmates have taken us on for support and invited me back to speak to them again.

I will be contacting you, our supporters, so that we may be able to share personally what God has been doing because of your faithful support. If you have a date or a mission event or conference, please allow us to come and share. Our contact information is listed below.

*Discipling the Nations.*
