

3rd Q 2022

Dear Friends and Co-laborers,

Thank you for all your prayers and support. We are trying to get fully settled in our new place; however, this last quarter we have been plagued with illness after illness.

After the lockdown of our borders for Covid, now that the borders have finally opened, it seems that all the viruses of the last few years have hit over the last few months. We are definitely happy to see the warmer weather starting to come!!

As sickness has been overwhelming in the community, and at times has limited our meetings, we are glad that we have been able to have services for the majority of this last quarter. Over the last three weeks, we have looked into the first three gospels and seen how our Lord is pictured as king in Matthew, suffering servant in Mark, and son of man in Luke. Next week, we will look at Christ as the Son of God out of the book of John.

We are having some exciting things happening lately with the church. Recently, we have had a new young family visiting. We are also looking forward to the new year as some people who have been attending, have family moving into the area and are planning to come along as well. God has also allowed us to make more contacts, and I have had the wonderful privilege to give the Gospel on several occasions to some high school students in the school where I teach some classes.

In closing, please pray for the following:

1. The lady who has been attending for several months but has yet to receive Christ, please pray that she would see her need for a Saviour.
2. Please pray for all our contacts, and all the places where the seed has been planted that we would see "fruit that abounds to your account".
3. Finally, please pray for my health, as I have been quite ill over the last few months. I have some medical tests coming up that we hope will give us some answers.

Again, thank you for all your prayers and support! We are blessed to partner with you!!

To the Praise of His Glory,

Gary Lester
