Exciting Days in Tamarana

Praise and Prayer Requests

Praise the Lord - 13-year-old Nayan accepted Christ as his personal Savior this month!

Praise for Faith Baptist Church - spiritual growth and dedication of these new believers!

Pray for health and safety as we travel to ministries and make visits.

Pray for more space - always a good "problem" with a new church plant.

Thank you

We are so grateful for you. Through your prayers and financial support, you have helped to plant and grow indigenous churches to the glory of God.

May God bless you!

We are excited to share the news that Nayan (one of the teens attending church in Tamarana) has trusted Christ as his Savior! Rejoice with us!

We are still under restrictions as Covid-related deaths have increased, but can still have services within local guidelines. It has been a blessing to meet with many local families, share our hope in Christ, and pray together for God's will in these uncertain times.

Mid-week Bible studies have been a blessing and we praise God for the spiritual growth we have seen in the lives of these young believers.

Progress!

We are still waiting for approval to move ahead with building a small meeting place on our church land. Please pray for God's work in the heart of the local mayor, and patience as we wait on God.

We have been able to get water and energy hookups on the land, and a sign made so people will know where the church will be located. These have been a great encouragement to our people and we are thankful for each step forward.

We would also like to thank so many who have prayed and donated to help get Bibles and study materials into this new community.

It is such a blessing to place a Bible in the hands of a new believer! Nayan received his first Bible and was so emotional that he could hardly speak. When he did, it was a heart filled "Please thank everyone for me."

As missionary church-planters, we are always excited to see another church started for the glory of God. Thank you being so faithful to pray for us!
